DETAILED ACTION

Applicants' response of 7/22/2004 has been entered. Claims 1-7 have been cancelled. Claims 8-17 have been added.

Election by Original Presentation

Newly submitted claims 8-17 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The claims as originally presented required " a method of forming a silicon oxide layer comprising the steps of providing two frequency excitation plasma CVD device, the device having a susceptor electrode and a high frequency electrode; placing the substrate on the susceptor electrode.", whereas the newly presented claims are to draw a method of manufacturing a thin film transistor which uses a CVD apparatus having one electrode. The new Claims are directed to an invention that is independent or distinct, as the CVD apparatus used in the method is materially different from the one required by the original claims.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 8-17 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
